LinkedIn: linkedin.com/in/hasibur171 | Behance: behance.net/hasibur171

CAREER OBJECTIVE

I want to work as a UI/UX Designer in a company where I can design apps and websites that are easy for people to use. I like to understand the user's problem first and then design a clear solution. I am hardworking, I learn fast, and I want to grow with my team and help the company reach its goals.

WORK EXPERIENCE

Freelance UI/UX Designer 2025 – Present

Self-employed | Remote

- Design mobile apps, websites and admin dashboards in Figma.
- Talk with clients to understand their needs and do simple user research before designing.
- Make user flows, wireframes, final screens and clickable prototypes.
- Share clean design files with developers so they can build the design correctly.
- Post my finished projects as case studies on Behance.

Graphic Designer (Freelance) [Start Year] – 2025

Self-employed

- Designed logos, business cards, letterheads, flyers, brochures, posters, banners and PowerPoint presentations.

MY PROJECTS

Hospital Queue Management System App + Dashboard

- A patient app to book a serial and see the live queue, and a dashboard for hospital staff to manage patients.

QuickCart – Grocery Delivery App Mobile App

- A simple grocery shopping app with easy product search, cart, checkout and order tracking.

StreamLY – Streaming App Mobile App

- A video streaming app with onboarding, content browsing, video player and user profile screens.

Dashboard UI Series Web Dashboards

- Six dashboards for e-commerce, CRM, fintech, logistics, education and hotel management.

SKILLS

Design: User research, user flow, wireframe, mobile app UI, website UI, dashboard UI, prototype, design system

Software: Figma, Adobe Photoshop, Adobe Illustrator, MS Word, MS Excel, MS PowerPoint

Others: Graphic design, digital marketing, freelancing, internet browsing and email
